By the end of 2021 Ballarat High School will have embedded school wide programs and processes that develop the culture of understanding and respect for diversity within our school community.

Goal

ICUP (Intercultural Understanding Partnership) is a joint initiative of Together for Humanity, Abraham Institute (SA) and Jewish Christian Muslim Association (Vic).

Strategies

1

Awareness: Celebrating and building awareness of diversity throughout our school community. Use of newsletters, posters around the school etc.

2

Education: Develop a program that can be delivered through Learning Mentor (7-12) under the banner of 'The Upstander Kindness Movement' with a key element of inclusion in the areas of culture and faith.

3

Celebration: Community school based celebration including food, music, guest speakers, displays, dance cultural activities etc.
