Fay Paris
Julianne Crompton (Principal)
Vanessa Harwood
Maria Craven
Eric DGluyas
Dave Widders
Lance McNamara

Goal

By the end of 2021 Drummond Memorial Public School has developed a variety of approaches, provided staff professional development and release time, and organised parent skill development sessions, under the PBL Framework mantra of Respect-Connect-Succeed, to facilitate improved social cohesion and cultural responsiveness.

Strategies

1

Develop an intercultural matrix to unpack language, cultures and social cohesion using the PBL framework.

2

Parents are offered training to improve their skills in supporting their child's learning and wellbeing.

3

Teachers are provided with PD to better navigate different cultural situations and incorporate strategies to facilitate cultural responsiveness and social cohesion in their lessons.

4

Provide organised and cross-cultural sporting opportunities to develop teamwork, resilience, inclusion and acceptance of other cultures.
