Marisa Cruz  
Neville Filby  
Ralph David (Principal)  
Rocco Bosco

### Goal

---

By the end of 2021 JJ Cahill Memorial High school has developed and implemented an integrated approach to improving intercultural understanding and celebrating cultural diversity, under the PBL values of Honour-Excellence-Responsibility-Opportunity.

### Strategies

---

1

Staff are provided with professional development to improve their cultural understanding and intercultural pedagogy and given planning time to develop learning activities that recognise and celebrate different cultures.

2

The JJ Cahill Wellbeing program themes are incorporated more broadly into school life and the learning activities in the program are tweaked based on student identified areas of need.

3

Key school cultural events and celebrations are planned around the wellbeing theme for the term or a recognition and celebration of the cultural diversity of the school.
